Be One of the 50 – Be On The Call

One week after *“The Essential Women’s Movement for African American Women”* held their *“First Annual Black Women’s Virtual Empowerment Summit”* (www.VirtualEmpowermentSummit.com) with 15 dynamic women, the group is now seeking 50 African American women (Millennials, Generation X’s and Baby Boomers) to be a part of an online community of influential, black, business women. **BE ONE OF THE 50** and **BE ON THE CALL** every Thursday for **“What’s Next Video Clarity Calls”** (max 50 participants) or join us the 2nd Tuesday of each month, 7:00-8:00 p.m. (CST) for **Masterminds, Think Tanks and Classrooms** by phone at FREEConferenceCall.com (max 100 participants). Call (712) 770-4715, Pin Code #243460. Info is posted at www.BlackWomenMastermind.com.

This online community is formed so that black women can take back control of their own lives and help rebuild their own communities that have been devastated by gentrification and other means that have broken the spirit of black families. To be a part of this online business community you must have a complete love for the black community and be ready to build FOR PROFIT businesses. We also ask that you not participate in destructive practices such as Network or Multi-Level Marketing (aka Pyramid Schemes). The goal is to make and sell your own line of empowerment products and services, that can uplift the black family.

ACTION PLANS for this online business community include:

- Commit to work with business mentors or trainers weekly or every other week in Masterminds, Think Tanks and Classrooms (www.BlackWomenMastermind.com) by telephone (FREEConferenceCall.com) or video (zoom.us).
- Commit to completing the exercises suggested from business mentors and trainers.
- Commit to building this community of strong black women.
- Commit to using services and products of women in the group.

- Commit to being a cheerleader for the women in the group and support their projects.
- Investigate setting up MobileLearningClubs.com in your own areas.
- Refer other women to be a part of this ethical, business community.

Each woman will need to recognize which success gear she is currently in until she reaches Success Gear Level 3.

Success Gear Level 1:

- You might be still working in the workplace, but it's your goal to start a business on the side.
- You might have experienced some type of trauma, where you were a victim, but now you are ready to move on to being a business owner.
- You might need to work on turning your brain back on by living a natural and holistic lifestyle, which consist of eating good brain foods, doing brain exercises such as yoga and meditation, etc.
- You might need to enter into a period of rest, meditation, study or research in order to get on track as a business owner (30 days, 3 months, 6 months, 1 year, etc.).
- You need to get an accountability partner to help keep you focused.
- We will assign you a mentor to help you stay focused. You need two business mentors -- one to advise you just in business then another one in your particular field.

Success Gear Level 2:

- These women are on their way to success gear level 3.
- They are legalizing their businesses.
- They are working on their services and products.
- They are working on having a professional offline and online appearance.
- They are working on their business marketing campaign including social media.

Success Gear Level 3:

- These women have professional packets with legitimate services and products so they are seeking more customers and clients.
- They might have storefronts or businesses where they are holding mentorship and training. Mentorship and training is not always free.
- They are marketing their businesses at least 75% of their time.
