

The 2020 Great Awakening

Oct. 30, 2020

Are You Ready for War?

We are fighting against the old guards, billionaires, and especially tech billionaires. We are being completely controlled!!! The Council of Foreign Relations is running the world right now. They are made up of the media, educators, military industrial complex, former white house staff, and others.

The Atlantic Council is using facebook, Instagram and twitter to get their voices out there and block others who are speaking out against the New World Order. They are blocking everyone who don't want the New World Order.

These are the same people doing all the fact checking and blocking everyone on social media. People on this council are basically war criminals, so understand that upfront. We are dealing with censors right now that formerly worked for the military – not just facebook or other social media platforms so they did this for a living so understand the level of censorship happening in this country right now.

Hollywood (Hellyweird aka “Pedowood”), which runs the U.S., especially Academia and the News Media, is supposedly dead and people are leaving California like wildfire.

George Soros (or his Clone or his 6 sons) are heading up the “Open Society Foundation” and this is just one of the groups also running things -- especially all the riots.

Techs Billionaires are out in Silicon Valley so you won't hear about that area burning down. These fires and chaos are taking place in Demon-cratic run areas and Demon-cratic Governors and Mayors are even involved in burning down their own cities.

These billionaires have committees such as “Committee to Save the World” and they are getting away with murder as we speak. All the sports teams are owned by China and don't forget that China is the home of the Deep State and this is why Obama sent all the jobs over there.

One World Government – New World Order

Do you want a lifestyle for the rest of your life where you won't have the ability to shop when and where you want; where it will be the end of small businesses; where you will have no choice over universal education, nutrition, and health because America -- won't be in charge – if this is what you want.

You will have “One World Government” or a “New World Order” -- if you don't get involved. We need to be educating everyone on electoral reforms, military industrial complexes, prison industrial complexes, education complexes, intelligence and research, free energy, clean water, shelter, arts, science, poetry. We need to seriously discuss farming, energy, water, health, and stopping GMO Giant - Bayer/Monsanto, etc.

Brainwashing (#IndoctrinationCamps) Is Taking Place in Homes

Many of us will have to say goodbye to many of the people we love. If you have been eating processed foods (aka “GMOs -- which turns off the brain), since the shut-down started and started wearing masks 24/7 over the past few months, then many of you have already made yourself sick and for many of you – you just might be too sick to recover.

If you are still a BluePiller and have totally lost yourself by watching MindControl TV, then you will be the group with the hardest road to travel. However, it is never too late to come back from the darkness to the light. It is always time for you to SaveYourself, but only you can do that by taking action in your own life.

If you are trying to watch every press conference, breaking news story, raw news story, then you are on your way to the Nut House -- literally. You guys that are staying inside and watching TV or even the ones on social media is being indoctrinated (#Brainwashed) right now into their society with Mind Control TV.

They did this back in the 30s and 40s and they are doing it today. They used TV especially news and commercials as a form of Mind Control to brainwash people. So basically, people are in IndoctrinationCamps inside their homes. These camps are not just in schools. They are in your home and have been since the world shut-down in March 2020.

Give Me the Devil I Know Please

Since you guys want to call Trump a Devil. I will take the devil I know please -- especially after what has unfolded over the last 4 years. The monetary system is closely tied up with Child Trafficking, Child Pedophilia and other Crimes Against Humanity and this is why the entire system had to be dismantled. Trump has been dismantling that system since he took office.

Again, Trump was SELECTED not ELECTED to oversee the 2020 U.S. economy collapse and to help put in the new Financial Global System. They had planned this for years. He was SELECTED because he was a business man. You could not give this job to a career politician.

But he has only been in office for 4 years and did not start any wars or set up any negative policies against black people like Joe Biden and Kamala Harris. So you guys think Biden, who been in office for close to 40 years, is now going to make positive changes.

Biden and Harris are even talking about giving the police more funding. With the crime bill being on the table, we just can't mess around. It's time to truly get serious. Biden and Harris have a bad record of locking black people up.

Kamala Harris even locked up single black mothers for truancy – where they locked parents up because their kids did not show up for school. Who in the heck is going to lock up innocent single black women?

Black women have to sleep with Ole Earl, turn to prostitution and do what they can to take care of their kids and Kamala Harris locked them up for truancy because they could not control their kids – like there wasn't more crimes they could have been looking into. Kamala purposely went after black women!!!

They are calling Kamala Harris (Scamala Harris). They are even saying she covered up pedophile crimes committed by the Catholic church out in California. This year we found out that the LGBT community, which is #AllHollyweid (aka "Pedowood") is trying to legalize pedophilia.

So do you think they...aka Hollywood... would have allowed a politician to get into office there that wasn't a transgender and that wasn't going to further their agendas? Kamala Harris was born a man #Transgender.

Any woman who have birthed a child can tell that that square-headed baby picture of Kamala Harris is the picture of a BabyBoy – not BabyGirl. Just look at it!!! Remember the skull of baby boys and men are larger than the skull of baby girls and women.

What Obama Really Did

I know most of you don't want to hear this but the truth hurts. Obama did nothing but walk all of us into homosexuality and gave rights to the gay and transgendered community and that is his claim to fame and what he will be remembered for.

I also heard that Obama blackmailed schools or held out funding from schools that refused to allow transgendered children (Males to Females) to use the same restroom as girls.

He is half-white with a black transgendered wife, who was born a man. However, people still get that Feel Good Moment when they think of the Obamas but remember Obama did not do anything for black people...not one little thing. He was gay the entire time – married to a Transgender aka "Big Mike," who was actually his handler so she/he was very involved in all Obama's wrongdoings and treasonous acts and just as guilty as him.

Obama, Killary and Biden were a part of the killing/murder of Seal Team Six. Obama knew where Bin Laden was the entire time, but he used him as a #TrophyKill so he could get elected again. They all gave the orders to kill these 30 men from Seal Team Six. Wake up!!!

Hollywood Transgender Agenda is Alive And Well and Near Completion

What I been finding out is that this gender bending (purposely inverting children into the opposite sex and turning men into women (Males to Females or M to F) and women into men (Females to Males or F to M) goes all the way back to Shakespeare's day.

In the Shakespeare's plays, the female roles were in fact played by men. The silent moviestars back in the 40's and 50's was also gender bending as well such as Jane Russell, Joan Crawford, Mae West, and Greta Garbo. It even goes back to the Greek and Egyptian age.

Don't forget that the feminism movement was started by men, who were transgenders such as Gloria Steinem, Angela Davis, and others so they have had a long time to get their voices entrenched into this country.

And this year we are finding out that many (if not all of them) of the female mayors, female governors and other female legislators are also transgendered (born men). They seem to have all their bases covered.

They are now in a position to fill these 'positions of power' in this country with other transgendered individuals and be able to set their own policies and procedures. So where does that leave #NaturalBornWomen?

Understand upfront that this transgender movement was and is also about discrediting Natural Born Women by making them feel bad about themselves. In order for Natural Born Men to have FAME and FORTUNE, Hollywood and the Entertainment Industry has forced these men to lay with and live with other men.

This is a Man's World

Whoever coined the phrase..."This Is A Man's World" was right. Many of the Female Sports Figures are pretending to be women but are actually men. #Transgenders. There are NO NaturalBornWomen Moviestars, Reality TV Stars, Singers, Rappers, Models, Beauty Pageants, Playboy Bunnies, Tiaras, Mayors, Governors, Former First Ladies, etc. - All Men, Transgenders.

This was and has been the highest form of discrimination. To say Natural Born Men could work in Hollywood, but not Natural Born Women. They had a CODE OF SILENCE that stated only gay or transgendered women or men could work in these positions especially Hollywood and the Entertainment Industry. So how is this fair or right to Natural Born Women under the eyes of the law?

Natural Born Women are not represented anywhere. Our voices were silenced while these men took all our resources and benefits. Not only were we discriminated against in workplaces, in housing and in education, but because men were forced to live with other

men, it has caused #NaturalBornMen to develop a hatred for Natural Born Women and their families.

This hatred has resulted in the breakup of families while many lost hope and many others transitioned out of this world. We want to be compensated for our pain and suffering.

Give us what you owe us:

- Give us back our families. FREE men and women who committed non-violent crimes.
- Give us back our land that the government stole from us.
- Pay #NaturalBornWomen the same as men.
- Grant us access to funding, housing, education and give us the same opportunities as men.

Now that ALL OF YOU know the truth, will you join me on a campaign to take back our Freedom.

Purge Negativity from Your Life

Even though I recently launched the “Good Heart” Movement so that those with “Good Hearts” can merge with others with “Good Hearts” and come up with ideas and action plans on how to uplift their families and communities, and hopefully others can also develop a “Good Heart” and join in, it still did not stop me from purging negativity from my life.

Because of what happened this year with this #2020GreatAwakening, many people left my life for good. These were mostly the people causing havoc in my life. Back in March 2020 while everything started to close down, I took my phone out and I looked at who was on there and I started deleting and blocking those that really did not spark joy in my life anymore.

Like Marie Kondo said with your clothes – get rid of clothes that no longer spark joy. I believe we need to do the same with people. Some people are just not meant to go to that next stage of your life with you. They are not meant to be at your graveside when you transition out of this world.

Necessary Evil - Before The World Went Dark

Don't forget before the world went dark and everything started shutting down back in March 2020, how bad it was with Uber and Lyft drivers abducting women. Women and children were abducted or followed home from Walmart and other stores for Sex and Human Trafficking and Organ Harvesting Rings by MEN FROM OTHER COUNTRIES so understand this had to happen.

Who gave these men from other countries the right to come over here to America and kidnap our women, girls and boys too. This is a Necessary Evil and this Financial Global

Reset that we are experiencing right now had to take place while all the arrests of these Pedophiles and Satanic Cult Worshipers took place.

The last President that tried to put this new Financial Global System (Gesara/Nesara) in place was taken out, John F. Kennedy, because this new system will give the money back to the people and since all the banks have been committing fraud, it will be like everyone won the lotto and the new system will get rid of IRS, abolish student loans, credit card bills and mortgages – just to name a few.

The new Financial Global System will be about #Humanity. Yes, it is possible for all of us to live in a place where we take care of each other. We could not continue to live our lives the way we had. Just don't forget that at the end of all this -- we all will be in a better place – a better world – a #NewWorld – a #NewDimension.

The Demon-cratic (aka “DemoRATS) Playbook

I am not ashamed to admit that at age 64, this is the first year that I did not follow the Demon-cratic (DemonRATS) playbook. And everyone who I knew from being on social media, who was going to give me a hard time for speaking out against the Demon-crats, I got rid of.

I simply did not want these people around me at this stage of my life when the truth was coming out everywhere. History books will need to be rewritten and many will have to UNLEARN and RELEARN many, many things.

All of us, African Americans/Black People have been taught to vote for Demon-cratic Ticket our entire lives and many to this day could not even tell you why. We have been told our whole lives that Republicans are racist.

The Demon-cratic Party has tried to convince their constituents that Republicans were the KKK and the true enemy all these years. They said the Republicans invented Jim Crow and started racism and fought against Civil Rights and burned down our churches, towns and lynched our ancestors. We have been lied to our entire lives.

What I Witnessed First-Hand By Demon-cratic (Demon-rats) Party

We have had black school board officials, black sheriffs, black city councilmen, black mayors, black state representatives, black senators, and other black legislators forever and still look at the conditions of the black community. Many of them especially mayors have gone to jail thinking they can do what white politicians do.

I saw all of this first-hand so I knew from a long-time ago that the DEMON-CRATS were Pure Evil. Many of you are just finding out in 2020 that the Demon-crats are #PureEvil, but I have sensed this for years. Once I got away from them over the years, my life improved significantly.

I watched the Demon-cratic Party kill my two best friends in Atlanta. We were all community organizers, activists and advocates. They wanted us to get them in office and keep them there, but when my friends got sick with cancer or needed any type of help, none of them stepped up.

They did not even show up at their funerals. This is when I seriously knew I needed to get away from the Demon-cratic party so this year in 2020, I just backed away completely.

I lived in the LARGEST African American county in the U.S. for 20 years...outside Atlanta, GA, Dekalb County, GA. The politicians in South Dekalb, Demon-crats (many African Americans), sometimes held job fairs and handed black people scraps to live off of in their run-down neighborhoods and the other politicians, Republicans, on the north side were giving business classes and showing people how to get money for successful businesses, resources for healthcare and how to beautify their neighborhoods.

All these politicians had plenty of money because we donated it to them, but the DEMON-CRATS...did nothing but pocket this money and keep their feet on the necks of poor black people and kept them down. They kept them in poverty.

At one point over the last few months, if you went to Antifa.com -- it went to Demon-crat Joe Biden's homepage and any donations to the BLM movement also goes to the Demon-cratic (Demon-RAT) Party. None of this money is going to black people.

Winter is Coming!!

The second wave of CORONA is about making the final arrests (crimes against humanity, child pedophilia, child trafficking, etc.). Prepare... we might end up shutting down again while final arrests are taking place and there might be food shortages...

Don't eat anything coming in from China...especially Shrimp...Tyson Chicken goes over there to be processed and then reshipped to the U.S.. The symptoms will be diarrhea and I believe THE BACTERIA will also be in dairy and other frozen foods. Now is the time to grow your own foods.

You will have symptoms of COVID from the bacteria. Now that flu season is here it will get crazy. Again, don't forget that the word CORONA was always a cover-up for ARRESTS. However, hospitals make \$13,000 when people are admitted and \$39,000 when they are put on a respirator and they usually die if they end up on a respirator.

There might be electrical grid explosions or other explosions and hotels are filling up with bad people from other states to participate in riots and looting so stay away from rioters and looters. Protect your family!!!

Empower Yourself and Family First

Everyone speaking the truth is being deplatformed right now so it will be important for you to follow these individuals over to their NEW PLATFORMS so you can receive the info you need to transition on over into this #NewWorld.

Good thing I still have my faithful mailing list since 1998. I am also looking to start a podcast again. Before starting my youtube channel a year ago, I had my podcast for years at **“The Cathy Harris Show,”** however, I always had to contend with glitches and issues when I tried to go live so even censorship was taking place many years ago, but not to the level it is today.

I haven't watched TV in 4 years and I barely have looked at Trump since he has been in office. If Trump being in office bothers you so much -- turn off the TV. Trump is not your daddy so you don't have to listen to him. Instead, read books or listen to audio books at or turn on youtube and listen to some of the motivational speakers there or learn how to do a new skill such as grow your own food, start a business, etc.

Surely you are not going to use this time to continue going down the rabbit hole worrying about some Presidential election that you have no control over. That is nothing but #WastedEnergy. You need to be more concerned about local elections and hold those politicians accountable. Rate them a A, B, C and D. All C's and D's need to be voted out of office.

Even one of the greatest men alive – Dr. Claud Anderson has said time and time again that we don't need to be concerned about the race of politicians. What we need to do is engage in #GroupEconomics (buy from each other) instead and force these politicians to do the right thing.

We need everyone columnists, freelancers, bloggers, those with Facebook live, Instagram live and Youtube live, independent media, etc. to get out there and educate everyone. We are being called into our #LifeMission.
