

Trump Did Not Go Away

I know all of you Democratic supporters thought that Trump was going to disappear. Well, if I was fighting for my life like he is – I too would not disappear and I understand fully what is happening.

When I blew the whistle on my job in 1998 (www.TheCathyHarrisStory.com) – I was all in. This meant I was going to give it everything I had to fight against my job at U.S. Customs and I did prevail in the end after filing 10 EEOC.gov workplace complaints including a Sexual Harassment and Whistleblower Complaint. Of course, my life wasn't on the line like Trump, but my 'peace of mind' certainly was.

After everything closed down in March 2020, because of my curious soul, I started conducting research and was able to see first-hand how a lot of this turmoil unfolded. Like I said in my last post, Trump isn't going away. He will be the 19th President of a 'Restored Republic' backed by the Constitution.

If you are still in a trance/brainwashed watching TV, commercials and even sports, then you have no idea what is happening and for many of you it is already too late. On Jan. 19, 2021, after President Trump had introduced the Insurrection Act and turned the country over to the military, he walked away from the Whitehouse. Because of the Introduction of the Insurrection Act, I believe it abolished the Corporation, which was the U.S. States of America.

The next day Biden engaged in a fake inauguration, which showed everyone paying attention that he committed the 'Crime of Treason' because he knew first-hand about the massive fraud that took place during the election on Nov. 3, 2021, but still allowed himself to be sworn in – or did he?

Biden actually admitted on camera the reason he did not go out and try to campaign was because they had the best election fraud team ever. Yes he did. Remember no one showed up for his rallies, however, they are saying he got more votes than Obama ever did. But what is the truth though? The truth is that Trump won the election legally by 75-80%.

Joe Biden was sworn in in a fake inauguration on a Devilish bible with an upside down cross along with the V.P. Kamala Harris who had some type of pouch, probably a devil book, on top of the book she was sworn in with so they both told you from the very

beginning that they are not doing anything but bringing in a New World Order (NOW) devilish agenda and you still don't get it.

Kamala Harris has not been allowed to move into the V.P. quarters because they both engaged in a fake inaugural ceremony. Kamala (Scamala) Harris is a transgender, born male, and her first and only priority after making sure Joe Biden is rendered unfit for the position so she can take his place is to bring in the transgender pedophile agenda. I been telling you guys for months that the world is ran by 'Transgender Satanic Pedophiles'.

Around the time of Biden's swearing in ceremony, the Whitehouse was declared a 'foreign land' and has always had to answer to its London office. The White House is currently closed down and is now being used as a prison for the military to lock up those arrested for 'Crimes Against Humanity' especially those in the DC area. It's estimated that at least 95% of all U.S. politicians are probably corrupt.

The U.S. States Corporation has been abolished and the Republic backed by the Constitution is about to be restored. The military headed by Chris Miller, the Secretary of Defense and the head of FEMA are actually running the country at this time. Biden is actually a #StrawPresident or an #IllegitimatePresident and this is why the military turned their backs on him as he drove past them with his motorcade.

Biden has been signing Executive Orders somewhere probably in California in a studio. Many said the Executive Orders were blank, but others said the Executive Orders are finally showing up in the federal registry. I don't know who to believe because in order to capture the enemy – there has to be a certain amount of DECEIT, DISINFORMATION and MISINFORMATION out there.

As all the arrests for 'Crimes Against Humanity' are taking place, many are choosing to commit suicide than to be taken into custody. I believe everyone will be educated on just what these people actually did in the first place and I also believe the 'White Hat alliance' is preparing to take over the TV and Social Media in order to wake people up. Supposedly, since Jan. 20, we have been in '10 Days of Darkness,' while many arrests were taking place.

I know the Whitehouse did go dark several times, but so far riots have been kept to a minimum in the U.S. You got Antifa doing their usual thing out in the Seattle and Portland area probably.

The reason I believe the White Hat Alliance is taking over the TV is I was surprised when I saw a youtube excerpt from TV that showed how easy it is to make fake movies and videos especially CGIs so many need to understand that some of their favorites like the Obamas, Clintons, Bushes, and many other favorites have already been arrested and maybe executed for 'Crimes Against Humanity.'

Hollywood will never be the same again because many moviestars have been arrested for 'Crimes Against Humanity.' What you are seeing are Doubles, Clones or CGIs. These

people are no longer with us. They are gone!!! Face it and move on and let's get ready to rejoice as Gesara/Nesara is rolled out across all the countries and all our debt is wiped out.

The U.S. has always been a 'beacon of hope' for other countries so many countries want Donald Trump to come back and lead us into this New World – a world of kindness, love and humility as we take care of each other.

Remember Trump will probably be the last President. Every state will have their own representative and Trump is also introducing a 'New Patriot Party' because the Republican and the Democratic Parties will be abolished.

So hold the line Patriots!!! There has been a lot of 'Plastic Patriots' who have tried to infiltrate Patriots and Truthers platforms so beware of these people with ill-intentions. Others that are True Patriots and Truthers have been saddened by the fake inaugural, but what you need to understand is that everything is happening as planned.

I don't know how they are going to get Biden out of there -- whether he gets impeached or what but the attempt to impeach Donald Trump is like a movie. The U.S. States Corporation no longer exists, so these politicians and their positions no longer exist. However, Congress did make Donald Trump the 'Acting President of the U.S.' just so they could try to impeach him because you can't impeach a President if he is not in office. I can't make this stuff up. So again, just sit back with your popcorn and enjoy the movie.

Meanwhile, Trump has moved to Florida and opened up an office for the "Former President of the United States" so it looks like the new Whitehouse will be located in Florida. Trump should be back into position as the '19th President of a Restored Republic backed by the Constitution' on Mar. 4, 2021 (or possibly sometime in April 2021). Just keep holding the line. We are in for #MuchBetterDaysAhead, #Gesara/Nesara, #5thDimension, #2020GreatAwakening.
