Overview of What Is Coming

This is how everything will be rolled out -- EBS, Martial Law, Gesara Announcement, Disclosures, then Redemption Center Appointments. After the Gesara announcement -- we will have the EBS (but EBS will probably come first), then the Disclosures then Redemption Center appointments.

Everyone must pass through the Redemption Centers – not just the ones holding foreign currency. Everything will be revealed during the Disclosures (#MilitaryTribunals, #PublicExecutions, etc.).

Basically, because the banks have been committing fraud against -- not just you but your ancestors, GESARA (Globally) and NESARA (U.S.) will be about giving the money back to the people.

All of it started with the farmers so now they are paying the farmers back \$800 million dollars. This is the end of the evil Central Banking system that has had control of us for years and years. We are now no longer a debt slave, so we are FREE and transitioning into a **NEW BANKING SYSTEM** -- the **Quantum Financial System (QFS)**.

The new QFS system will be able to tell when 'Crimes Against Humanity' (Child, Sex and Human Trafficking, Pedophilia, Adrenochrome and Organ Harvesting, Drug Trafficking, Money Laundering, Gun Running, etc.) are committed and can stop it immediately.

All your banks, credit unions and Redemption Centers have the NEW RAINBOW CURRENCY ready to be released as soon as we completely go into Gesara, which is any day now.

They will level the playing field for everyone. Everyone will be given a clean slate. They will wipe out all your debt. They will pay off your Student Loans, Credit Cards, Car Notes, and Mortgages (or any other bank loan) and you will receive back funds from 30 years that you paid out to IRS; I believe some of your property taxes; and your birth certificate bond money.

Already over one (1) million student loans balances have gone to zero. This was Gesara so keep checking at www.CreditKarma.com (a FREE account) to see when all your bills are zeroed out. Your medical debt should disappear soon also.

For those retired on Social Security, you will receive up to 3 times the amount you are now receiving or up to 5,000 a month. That should start soon. The retirement age will go down to 60. Because of the birth certificate bond money that they put on you when you were born, you will receive back funds from that.

Everyone will have funds. Everyone will be taken care of, especially the homeless and veterans. No one will be homeless. We will get all the homeless people (Veterans, Mentally Ill, etc.) off the streets and we will be taking care of each other.

There will be no more property taxes on older homes -- only on new homes. Everything will be affordable, and we will be using Starlink and Tesla energy so your energy bill will be free also.

Big Pharma and the Medical Industry have been BIG BUSINESS for many years, but this is the end of Big Pharma. Eventually, there won't be a need for Hospitals, Urgent Cares, Home Health Care Services, Nursing Homes/Assisted Living, Hospices, etc. because of the FREE Military Med Beds and other news cures coming.

Med Beds will be FREE and will be controlled by the **Military Secret Space Force Program**. The rescued children have already been taken off planet and healed. There are 8300 Med Bed centers currently in the U.S. waiting on funding so they can start treating the Humanitarians then the public.

Every single industry including -- banking/financial, education, judicial, government, military, housing, medical/pharmaceutical, tech, etc. is currently being **GUTTED** and **OVERHAULED** and soon we all will be living in a **NEW WORLD** – a new 5D earth.

Now it is time to think about what you wanted to do as a child and create a NEW lifestyle and/or career for yourself. Workplaces and schools will be going to 4-day workweeks. You will only need to work 20 or more hours a week and can use the rest of the time to work on Creative or Humanitarian Projects.

We will no longer worship Movie Stars, Entertainers, and Politicians. We will start speaking **#KindWords** to each other. No one person will be better than another. Single mothers, the mentally ill, and the homeless will be just as important as anyone else. We will bring back parenting classes and marriages will be mainstream again.

The TV and Music Industries will no longer be weaponized against families. Instead, they will turn down the music frequency and all the negative shows will be removed from the TV, the Internet, and the airwaves.

We will turn off the TV and we will be able to learn how to grow foods, prepare natural meals, start businesses and Creative Projects, work with Humanitarian Projects, and bring back a great family value system into our homes.

Those jailed under Maritime and Admiralty Laws, especially the innocent will be released from jail including the 'non-violent offenders'. Eventually, there will be NO CRIME and we won't even need the police.

All Military, Law Enforcement, Lawyers, and Judges are currently being **TRAINED** and **RETRAINED** in Constitutional and Common Laws and even the Bar Exam tests are changing, so we are leaving Maritime and Admiralty Laws, which was the number one reason everyone ended up in jail in the first place because judges owned prisons and it was their goals to keep them full.

We are moving into another Dimension -- **#5thDimension** and another era, **#GoldenEra**, and it is going to be a beautiful time to be alive. The earth will be flourishing with all types of resources, and we will have everything we need to live a good life. Eventually even money will be going away.

Why The U.S. Had So Much Power

Trump was the only President that did not go to war with other countries. Obama constantly bragged about using drone attacks to those in other countries. He was evil and he has been dealt with. #Gitmoed, #Executed.

America was just bullying everyone, but every country dumped the dollar so they can't bully anyone anymore. The whole point for QFS to exist was so no country will have the power over other countries to manipulate the market.

They took us from the gold standards and made the petrodollars. So, anyone who wanted to make transactions on the international market in the past was

forced to buy dollars, which was the most printed currency on the planet, and that is why America had so much power.

The QFS will avoid this problem. Every nation will be reached based on how much gold, silver and oil that will be backing up their currency. All the nations will be powerful and now also there will be more privacy.

The U.S. States has a privilege that the rest of the world won't have regarding taxes. The U.S. has power, but they won't have as much power as before. America will have more benefits in the beginning, but eventually every nation will get there. People will still be paying taxes initially. Many things will start disappearing little by little as we move into the 5D earth.

What Was the Holdup on the Quantum Financial System (QFS) and the Global Currency Reset (GCR)?

The fact that they had to keep testing the new QFS system, the arrest of bankers and others were just some of the reasons for the delays. No one really knows but a small handful of people.

Iraq especially is one of the countries that were bullied by the U.S. Iraq is the hub for that part of the country and this is why there has been so much talk about Iraq and the Dinar rate.

Iraq recently still had some banks that were Iranian owned, that were under the old Deep State Rothchild 'want to be's' and were corrupt. So again, that could have been another holdup. Rounding up these Deep State players have been a hard job for the Military and White Hat Alliance.

Brunson Brothers Case Announcement

The Brunson Brothers filed a number of petitions that sued members of Congress and the Biden Administration for violating their Oath of Office by not protecting the People's Right to Fair Elections through certifying the 2020 Election before investigating 50 formally filed allegations of voter fraud.

July 4, 2023 was a very important day for the Brunson Brothers case. There were two Brunson cases. One was adjudicated or settled and the other one was for the overturning of the 2020 election with the return of Trump and the impeachment of Joe Biden.

In Japan around Jun. 29, 2023, on their EBS, they announced on radio and TV, that there was an upcoming Brunson Brothers case announcement, which included the return of Donald Trump and the impeachment of Joe Biden.

There Will Be an Gesara Announcement

Some announced that Gesara was due to happen when UBS bank bought Credit Suisse in June 2023. Therefore, UBS would be in charge of processing all the payments for bonds. So now there will be global bond payouts starting but many might not know it for a while. Everyone is under an NDA, so no one really know what has happened.

Who is Mr. C? Again, as soon as Gesara (Globally) and Nesara (U.S.) is announced, all your balances (Mortgages, Car Notes, Credit Cards and Student Loans) will go to zero. Once they show up at Mr. C's residence, they will take him to an unknown location, and he will put in the codes then your balances will go to zero so keep checking www.CreditKarma.com.

Mike Cottrell (aka Mr. C) was selected by the China Elders to flip the switch because of how Bush, Sr. stole his company. There is a link for Mr. C on the "**Original Mark Z**" website at <https://theoriginalmarkz.com>.

I believe Mr. C is in his early 70's. He had a stroke over 30 days ago so you can send messages, cards or buy Mr. C's book from the website. He is also a guest on "**The Mark Z Live Stream**" on YouTube every Friday.

Where Did the New Financial System Come From? What is really happening is we are preparing to move into a **NEW GLOBAL FINANCIAL SYSTEM - the Quantum Financial System** or (QFS), which came from another civilization (**#Offworlders**).

We need to be aware of what is coming so we don't get caught off guard. When we are caught off guard – we go into fight or flight mode. Then we can't think clearly. We need to know where we are going.

They were going to stretch out the Gesara rollout over a seven (7) year period -- but everything is happening now - so be prepared. Go back and read all my newsletters and articles at www.CathyHarrisSpeaks.com.

We are having the Gesara announcement where all your balances – (Mortgages, Car notes, Credit cards, College loans) will go to zero so it will be a **#DebtJubilee**.

Then the buyback for the XRP starts. This is when they will bring in the attorneys and make sure **#WeThePeople** money is protected. Bitcoin was a trap. It wasn't intended to be what people thought.

There is a **restoration blessing** coming and many of you have been chosen to put love out in the universe and help prepare others for the change. Many people don't like change so there will be a certain amount of resistance.

We are in the process of receiving the **restoration blessing**. God has legally reclaimed all of us. He has brought **'heaven to earth'** and this has been about taking evil to hell. The devil's contract has expired. The devil is done. He can't kill or destroy anymore. But be aware, there are still a few minions out there.

We have to love on people and to let them get it out because this is going to be very traumatic for a lot of people. We are moving into God's economy. The foundation is love. We must prepare for the harvest that is taking place. It's unbelievable. We are in the time of miracles where everything is turning around.

It is about love and our hearts. Our hearts are the key. If our heart is **PURE** - - and we are not picking up offense, then God has already released us to not have to take care of other people. Now the Holy Spirit can go to work on our hearts.

All of this was supposed to take place on Sep. 11, 2001, but evil came in and foiled everything. God could not lift a finger to help man. We have had to wait but the promises are now being fulfilled. This will now be **'heaven on earth.'**

Now God will get to do everything he promised. This is his eternal revival. This revival isn't going to leave. It is only going to intensify. After the Quantum Financial System (QFS) changes and we receive our **inheritance** and **restoration** -- we will be able to love on people.

What Will Happen If We Have Martial Law

Why The Big U.S. Military Presence: Global Martial Law is currently taken place and there is Martial Law in several cities in the U.S. They want this country cleaned up. We have a large Military presence unlike one that we have never had in the U.S.

The Military is supposedly in place in 300 to 360 cities for the Brunson Brothers announcement (the return of Donald Trump and the impeachment of Joe Biden) to stop any uprisings.

Deep State arrests are still taking place. There have been up to 8000 arrests recently in California and over 3000 in the Northeast U.S. especially in the New England area.

Human Trafficking Still Taking Place: Child Trafficking victims are still being rescued by the Military and White Hat Alliance. During a two-week period in May 2023 close to 30 African American children ages 13-17, disappeared from the Cleveland, OH area.

Just like during the **Atlanta Child Murders** someone who fit in in these communities were able to go in and kidnap these children so don't let down your guard. Also, so many Black women and children are missing in Oakland, CA that the Non-profits there called for a '**State of Emergency**' and recently the Navy Seals rescued over 300 children up to the age of 13 off the coast of San Francisco in an oil tanker. Fifteen (15) children were found deceased. The rest were rescued and put on a battleship, and they are being attended to.

Who knows if there will be Martial Law or not in your area. Many cities won't even see the Military. The Military is probably already deployed in the problematic cities (over 300 up to 360 cities) such as many of the blue states that have a large Antifa/BLM presence.

They might ask us to stay inside for safety reasons -- while they make the last of the arrests. However, we will never allow them to put us in our homes again. Not now that **#WeThePeople** are **FREE** and **Sovereign**.

The Military will only be there to keep the peace as the last of the Satanists are arrested and taken to GITMO. There are still a few minions out there so be careful.

The Military will probably also be there to pass out food to those who did not know this would happen, especially to the elderly, but we have to take care of each other by looking out for our communities and neighbors, especially elderly neighbors.

The Military might completely take over until there are new elections held in 120 days. If this is the case make sure you don't elect any Career Politicians, Lawyers, Movie Stars, and Pastors. Try to elect current or former business owners that can help bring Mom and Pop businesses back quickly into communities especially food growing businesses.

Prepare For the Emergency Broadcast System (EBS)

Prepare as if it is tomorrow. It will come like a thief in the night. Everything will go dark. Everything will be off. The stock market will shut down. The EBS will be announced on your cell phone, and by text and email.

The messages will come from Starlink so you won't be able to delete the messages. We will be asked to stay where we are at – or idle in place like with the first close-down in 2020 - probably - so try to stay close to home over the next few days and weeks.

Have enough food, water and gas for two to three weeks. I just don't think anything will be off that long because all medical records are on computers -- but prepare accordingly. Once we have the EBS, we won't have the internet for 3 to 10 days -- so backup all your records, photos, music, etc.

The EBS Preparation Checklist:

- Have clean drinking water.
- Have food for family and pets.
- Have medicines for family.
- Have cash on hand because ATMs and gas pumps might not work with Credit or Debit cards.

To deal with the shock trauma:

- Check in on yourself first before helping others.

- Ask him/her if they would like something to eat or drink.
- If no response is given, the brain is on overload, and many cannot and will not talk.
- If you can, try to get him/her to walk with you for fresh air.

What Will Happen With the Disclosures?

After the EBS, they will turn on your TV, phone and internet so you can watch the Disclosures and it might also be shown in movie theaters -- maybe. They will be broadcasting in 8-hour blocks, and it will be running 24/7.

The Disclosures will be 3 to 10 days and they will tell you what has happened and even show some of the **Military Tribunals** and even **Public Executions**. It will be longer in certain areas where much of the corruption took place such as Los Angeles and New York, so basically, it depends on what part of the country you are located in. **They want everyone to watch and listen for 3 to 10 days.**

The switch will be flipped back on, but it will be different energy (aka **#GoodEnergy**) because evil will be gone. It will be a different internet. We are going to be our own banks. There will be no more corruption. We are getting ready for our perfect world of abundance.

We are getting first-hand knowledge from people who don't know what is going on. Everything is scripted. The people you see are not the people you think they are. They are using Actors, Hollywood masks, #BodyDoubles and CGI. It is the Truman show and has been for quite some time.

We will get an EBS and Disclosures will take place on what has been happening behind the scenes. Some people will love what they see and hear and some want. The ones you think are dead are actually alive and the ones you think are alive are dead. There are over 900 in Witness Program that are still alive.

Some you thought were the bad guys but might actually be playing a role or a part in the movie – so prepare yourself. If you haven't put two and two together by now – then get ready. Life will never be the same again.

What You Should Know About Redemption Centers

First, let's look at the word **#Redemption**. It means atonement for guilt. There is a Redemption process coming called **Redemption Centers**. We all have to go through Redemption Centers to claim our Gesara (Globally) and Nesara (U.S.) money that has already been paid for. It is called a **Quantum Financial Access card**.

Wells Fargo is the designated company or bank that mirrored all bank accounts onto the new Quantum Financial System (QFS). Everything has been mirrored onto the Quantum Financial System (QFS) so your money is safe including your 401ks and other retirement funds.

Just be careful with brokerage platforms, which are not mirrored to the new QFS system like banks, so therefore, you should remove what you have out of there before the lights go out.

The process is everyone must go through Redemption Centers, but don't panic. We are trying to give everyone information so they can get their hearts prepared to go into this new financial system, Quantum Financial System (QFS).

God has asked that you have a **'good heart'**. So, whatever you must do to get there – whether it is repenting, forgiving others or what, then prepare now. Forgive others and get rid of the bitterness in your heart.

Know This If You Have Bonds

Zim holders, who are Humanitarians, will be sent to Redemption Centers by zip code so if you are a Nomad, be ready to tell them you are mobile. Redemption Centers will go 15 days straight regardless of demographics. Some won't need to be opened that long.

Zim, Dinar, Dong and the Dollar will be paid at Redemption Centers, but the rest may not be paid. The reason is because they are the main holders of gold in the world.

Redemption Centers can exchange notes in any nation, but they can't exchange certain bonds so find out before you go. Bonds would have needed to be in a SKR for five years to make sure you weren't just fishing around

with

your

bonds.

They will be paying out bonds for the next 3 years so that is a rough estimate of how long it will take for things to start changing. It will be gradual changes. The first to receive bond payouts will probably make more.

Bonds have more value because they are backed by gold. The bonds are getting paid first. It depends on the amount of bonds you have. Bond holders with container loads will go first. If you have 20 pallets of bonds, you will go before a bond holder with 3 pallets.

The Bond payments could be up to 25 years so the NDAs will be for 25 years. They can't pay all the money at once. If they do, then they will run out of money for the rest of the world.

The America side will have a benefit that other countries won't have. The rate of the Zim and other foreign currency is up and down. The rates are fluctuating. Many were told that 80% of money for humanitarian projects will be taken out of Zims.

Your Quantum Financial System (QFS) Account

Money does not make us better. It is only a tool. Money will help you to do more things or it can destroy you. We will have new currency called the '**Rainbow Currency,**' that will be gold backed.

The QFS is different in U.S. and other countries. You can set up your account with banks to automatically give you money everytime you need it. Everyone will receive different amounts.

You can upload and download money to QFS account. If you hold 1 trillion notes, you won't walk out with 100 million. You will make a lot of money, but they can't pay you all the money at once because there will be no money left for others.

Everything depends on what you have. If you are lucky to get 4 or 5 million, you will be okay but if you get 300 million, you are not going to walk out of there with all that money. Otherwise, again they would run out of money.

The new financial system will be in the cloud. The amount of money will be in the cloud. We will have tokens and from those tokens we can download money into personal and corporate/company accounts.

The QFS will be linked to Quantum Internet of course. You can move money back into QFS. You can be paid right away. QFS is just like a saving account, so you don't get any interest.

You can have up to 4 beneficiaries on the QFS account. Minors can't set up an account themselves. But you can open up a minor account under the custody of the mother or father. You can state in a 'Will' or in a 'Trust' who will get what. They can download money and get \$2000 dollars a month to live off if you get sick.

Learn About Non-Disclosure Agreements (NDAs) for Redemption Centers

The **Non-Disclosure Agreement (NDA)** is a fundamental process in ALL large commercial contracts. Remember that you are about to become an **"Ultra High Net Worth Individual"** and your Non-Disclosure Agreement prohibits you from:

- Talking about your date.
- What you are exchanging.
- What rates it achieved in any format.

The **first brief NDA** will be electronically signed and generated by the Safe Link website from which we will obtain our T4B 800#s to make your exchange and Redemption Center appointments. The **second NDA** will be signed in a hard copy at the exchange and Redemption Center appointment.

All calls and voice messages will be logged. All phone calls and text messages will be logged. Twitter, Facebook, Instagram and other social media (if active) will be monitored so be quiet.

All devices will connect to the federal government systems and seek to cancel trade-ins for anyone who violates the Non-Disclosure Agreement by discussing VR trades, your appointments or trade-ins, etc.

These will be approximately 90 days (possibly longer) NDA's. Certain words will not be allowed to be mentioned. If you need to speak to specific friends,

family members, or anyone related to your projects, be sure to add them to your NDA Addendum/Waiver document.

Be careful not to send unnecessary messages or information that goes against the law. These are legal agreements that we are signing. Avoid sharing confidential information with your friends and family. Even telling your children puts you at risk.

-Be very careful

-Be careful of your surroundings.

-Anything you text, write or say can be used against you due to your NDA.

-Don't risk it.

IF YOU VIOLATE THIS NDA YOUR FUNDS WILL BE FROZEN AND CONFISCATED. This will take effect as you complete the information on the Safelink website. There are some mechanics within the Safelink website that require you to accept the NDA before receiving the 800 number to call.

If you are going to bring a guest with you to your appointment, inform the telephone operator. They will also be asked to sign an NDA and ask them to bring their KYC documents. You will not receive responses from any moderator/administrator.

There are waivers for your NDA that need to know this information and are hell-bent on knowing the proof and the source of the funds, for example, lawyers, asset managers, accountants, etc. They are already covered with confidentiality within their professional records. But that doesn't mean you can't get them to sign another one with your directly.

Ask your banking team to allow you to have an NDA template that you can use back-to-back with yours. Print multiple copies. When you arrive at the appointment, you will sign the NDA again with wet ink. Ask if you can add a short list of exemptions, e.g. spouse, children, etc. Take that list with you and make sure it is attached to the NDA before signing it.

Possible things contained in NDA that you should not talk about after signing NDAs:

You are to amend this list personally once you read your NDA (Frequently)... Your bank/Redemption Center appointment, any detail of what occurred in that appointment.

Monitored Words:

- Redemption
- Redemption Center
- Bank Appointment
- Rates...of anything
- Forex
- Dong
- Dinar
- Zim
- Bond
- RV
- GCR
- Any other currency you may hold

It is possible that the NDAs will last as long as you are getting paid. So, you need to keep quiet especially about how much money you have or how much you are getting paid. The hardest part is to keep people from talking.

Again, if you say the wrong thing, they will take your money back. The basic NDA can be up to a year unless you fall into the category of making millions and billions and then your NDAs can last for up to 25 years especially if you have bonds. The NDA will end only when you have the last payment.

Note: NSA Whistleblower Eric Snowden already told us that we are being monitored by the NSA.gov so none of this is new. But what you will be held accountable for is absolutely going to be on the increase during the time and terms of your NDA.

How To Set Up Appointments for Redemption Centers

It will probably start with the Gesara Announcement, where all your bills will go to zero (**#DebtJubilee**). Then Martial Law in some cities and you will have the EBS then Disclosures before the Redemption Center appointments. But no one is certain about the order that things will go in.

These are the two ways in which you will be contacted to set up your Redemption Center appointment:

-A couple of banks have said they will be providing 800 numbers at the websites www.DinarRecaps.com and www.BigCallUniverse.com. Therefore, subscribe to these websites ASAP so you can receive the 800 number to set up a Redemption Center appointment.

-Or you might receive an email or text (or possibly a phone call) from Wells Fargo (the Gesara bank), whether you bank there or not or even whether you have a bank or credit union account, you will still be contacted and given a 800 number to one of the **eight (8) regional call centers** in your time zones and they will give you an appointment with a date and time to appear at a Redemption Center, which will be within 50 miles from your home.

Have gas in your car to get to Redemption Centers, which will be guarded by the Military. The entire process should take 15 to 30 days or less. But it will be a lot to take in for those who haven't been paying attention so be ready to help others but be careful and don't break your NDA.

The call centers will need to make sure they verify who you are -- but please BE CAREFUL giving out info to anyone else. This is supposedly a **NEW SCAM** that many are going through now, so again, be cautious giving out your personal info -- unless you called the Call Centers with the 800 number you received by email or text.

Just answer a few questions so they can verify who you are. They might also ask you at that time to do a 'Verbal' or 'Oral' - Non-Disclosure Agreement (NDA) (see above NDA section).

Basically, they will ask you not to disclose to anyone where you are going and where these Redemption Centers are located -- for your protection and for the Redemption Centers' protection.

Also, if you have a disability that will stop you from walking into a Redemption Center or if someone will be accompanying you, tell them on this phone call. I am pretty sure if you are too sick, disabled or homeless, I doubt seriously if they will give you your **Quantum Access Card** at that time.

They might have mobile units to deliver the cards -- maybe -- but I don't know. Family members cannot pick up your **Quantum Access Card** or access your information because each card will carry your vibrations. Your vibrations are unique to you.

Your Redemption Center appointment won't be the same time as your husband or another family member so if you can't drive, they can bring you. The Military will be guarding these Redemption Centers so they will be watching the parking lots too so don't linger around.

America was the inventor of the RV so there will be more Redemption Centers so it will be easier in America. Everything will probably go fast here so be ready. The bonds must be paid first so the currency could have value.

Redemption Centers are not banks, but your appointment might be in an empty room at a bank, especially in rural areas. Many Redemption Centers are just buildings. There are 7000 across the U.S. In less than 30 days -- they will process everyone in the U.S.

Again, this is not the time to start up conversations. Your goal should be to get in and get out (30 to 40 minutes) of these Redemption Centers so they can process others so move to each station as quickly as you can. **This will also be the time to ask about Med Beds.**

Do not arrive more than **10 minutes** before your appointment. If you arrive early, they will send you to the end of the line for the entire process so follow instructions.

The reason they are telling you not to arrive too early is they don't want people to arrive 2 to 3 hours before their appointments. You certainly won't be allowed to wait inside if you arrive that early.

You can have someone escort you to your Redemption Center appointment, but if you can physically go in the back by yourself then you should. Otherwise, you will be taking a chance of them keeping quiet about your Non-Disclosure Agreement (NDA).

Husbands should accompany their wives to these appointments for safety reasons in case the centers are being watched and criminals are plotting to

follow people home. Chances are whoever accompany you can sit out front in a waiting area.

The enemy had you convert over to electronic statements so keep regular screenshots of your bank accounts so you can see what you have because the system will go down. Archive everything including online photos, music, etc.

The Nine (9) Stations At Redemption Centers (Picking Up New Quantum Access Card, Quantum Phone and Quantum Computer)

The Redemption Center process should take 30 to 40 minutes. There will be at least **nine (9) stations** at Redemption Centers. Move to each one in an orderly manner. The last station, number nine (9) is the station for Humanitarian Projects so if you don't have a project, after the eighth (8th) station, you will be told that you can leave.

STATION ONE: You can take your phone with you, but you won't be allowed to film or record any of the conversations. **They don't want you to record any conversations.** Ten (10) minutes before your appointment, you will enter the building and walk down the hall and go into a room with a chair and screen (**#StationOne**).

Present two (2) identifications:

- License
- Passport
- State ID
- Government ID

Bring a notepad, pencil, and pen. Then they will proceed to scan you to see if you have a **GOOD HEART** or **PURE HEART**. Don't pick up offense at people. Just send them love.

If there is bitterness or offense in your heart, that could be a disqualifier. There could be 5, 3, or 2 more doors. One door leads to the **second (2nd) station**. Others might lead somewhere else that isn't good or a transporter door. Take this message to heart.

Much of the info I am stating in this article on the Redemption Center process came from **XRP Dave Lion 1** videos that I transcribed so check him out on

Twitter and YouTube. He is the person who is an expert on XRP, and he is walking everyone through the Redemption Center process.

STATION TWO: You can swap U.S. dollars and foreign currency. The second (2nd) step or station, if you pass the **#PureHeart test** at the first (1st) station then you get to redeem any U.S. or foreign currency.

Present all your currency (Zim, Dinar, Dong, Boilvar, Pengo, etc.) at this station. No one knows how much currencies you have. You can bring up to \$5,000 of U.S. currency (the old Cabal Banking System Fiat money) to swap for the new money -- **#RainbowCurrency** or you will be able to swap out the Fiat money later on in banks. Tell them you would like the higher rate if you are swapping Dinar or other foreign currencies.

STATION THREE: You will open your QFS bank account and receive your new Quantum Access Card with your vibrations. Everything that you have presented up until now will be added to your Quantum Financial System Access card.

You can log in and create an account and password. Then they will make your card. You will add your vibrations to the card. It is not duplicatable to anyone but you. It isn't your spouse's card. It is your card.

STATION FOUR: Zim holders, the Humanitarians, might receive a Q phone. I am not sure about the others. They said there are Tesla phones, but we might not receive phones.

The QFS phones are old phones that are being recycled. There is no company making the new phones, supposedly, but it will be an encrypted app. Once you have money you can buy your own satellite phone that no one can use except you.

Everyone will receive a certificate good for \$1000 for a new laptop to take to one of 8 different retailers. Log into your account. After logging in look at the Quantum amount you will be receiving. When you see the balance on your **Quantum Access Card**, you might pass out.

Remember you and your birth certificate were sold on the open market when you were born so you are a "**Trust Fund Baby.**" However, be careful exposing how much is on your card, even to family members, so you don't

become a victim of crime. There is more money on that card than you have ever seen in your life so prepare yourself.

Again, reframe from disclosing the amount to others. On the card it will be all your money from your bank accounts and Nesara. **This will be the largest transfer of wealth in the history of mankind.**

STATION FIVE: You can set up a primary and secondary account. You won't have time to set up other accounts at your Redemption Center appointment. You will need a **Quantum Access Card (or debit card)** to start using right away. After you leave your appointment or the next day, you will need to go to the bank to set up other accounts.

You will be able to access your money and set up **4 sub-accounts** and transfer funds into these accounts:

- Personal Accounts
- Corporate/Company Accounts
- Humanitarian Projects Accounts

Wealth Managers: Redemption Centers will open an account for you. You will have a Wealth Management person with you showing you how to download money to your account. They will also tell you how much money you can use per day.

The Wealth Managers at Redemption Centers are there to assist you so no one will be assigned to you. You will have the choice to hire him as a Wealth Manager or appoint him as someone who will help you in that branch.

There will be options to say I like this one or that one. You can have your own Wealth Managers outside of banks. Basically, they will show you what you can invest in but understand you don't have to use a Wealth Manager.

Buying A House, Yacht, Cars, Jewelry, etc.: Wealth Managers will explain how much money you can spend a day. Be careful buying mansions. You can't pay up to \$20 million for a **house (#mansion)** and keep in mind that you will be paying 10% to maintain the house every year. However, you can buy a ranch and put cattle on it because it will fall under business.

There is no limit on buying a private jet, yacht/boat, cruise ship, or helicopter. They are trying to stop people from spending too much money and bragging

about it. So therefore, you can't spend over \$100,000 a day for a meal at a restaurant, or on watches, jewelry, etc. The next day you can spend more. This is to keep you from going crazy. Remember many lottery winners go broke in a few years.

Put Money in Corporate/Company Accounts vs. Personal Accounts: It is better not to have the money in a personal account because the bank will be looking at it closely. Therefore, it is best to download your funds into a corporate or company account.

However, you should have enough in personal accounts to pay your bills and you can give yourself a salary. You can also put it into CDs, LDNs, etc. Restrictions are different for those with millions vs. billions.

Eventually there will be a team of people that you eventually will have to hire:
-Wealth Managers
-Lawyers
-Accountants

But just be careful moving on anything too fast including getting Trusts because the complaints will start rolling in so weed out some of the pros and cons that you will be facing in this New World.

STATION SIX: You will receive ATM Biometric Vibrational Card (no spending limits for your currency). Your card will only work for one person and it is non-transferrable. Vibrations has nothing to do with QFS. QFS is a computer system that work with the Quantum System.

STATION SEVEN: If you need money, you can ask for up to **\$8500 to \$10,000** in the New Rainbow Currency at your Redemption Center appointment because it will take some time for banks to get everything moved around. Redemption Centers already have these funds, or you can just pick up funds later on from your bank.

STATION EIGHT: Request your proof of funds letters; different amounts.

STATION NINE: This is the last station. Give RV personnel (or members of #MilitaryAlliance) copies of your Humanitarian Project(s). If your projects are approved, you will receive a Military alliance contact person and a Med Bed appointment will be set up for you and your dependents (the people you are

responsible for) and your animals. There are already over **8300 Med Beds** centers set up by the Military in the U.S., which also probably include Healing Centers for Humans and Animals too.

REMINDERS:

- There will be no fainting.
- Safety is paramount.
- Security provided.
- In the front door, out the back door.
- Get business cards and or contact information of RV personnel.
- Trusts are recommended, but don't make any moves too quickly. Purchase everything from your Trust for your own protection.
- NDA's are 30 - 60 days. Humanitarian Projects (90 days). Bond holders maybe longer.

Banks had to be **Basil 4 compliance** in January 2023 but only 50% complied and I believe the extension deadline was at the end of April 2023 so eventually, in about 2 or 3 years, many or most banks will be closing down.

Many banks have been repurposed and will be **Financial Service Centers**, which will facilitate how to transfer and move money but there will still be a few banks.

There will be no service fees at Financial Service Centers. **We will be processing everything through Starlink using XRP.** So, start taking **“Dave XRP Lion 1” podcast classes** on youtube. He is also on Twitter.

All the money will remain on the QFS system with Starlink. Everything will run off Starlink, which is completely **'unhackable'**. It is being protected. Everything has been recorded since banks learned to use computers. It will perform like the clouds. It is a way to guard and protect all of us 24/7 so there won't be any identity theft.

Be Careful Setting Up a Trust

You don't need to have a Trust before you go into the Redemption Center. You don't really need an outside Trust after your appointment either. The money will always be safe on QFS.

Redemption Centers will have a list of companies that you can use to set up a trust. I would look for another option to set up a Trust if I were you for instance with your own attorney -- instead of a person in a bank.

Be Careful That Banks Don't Become Your Beneficiary: If a spouse had a stroke, you could put them down as beneficiary with a Trust. A Trust will protect family members by leaving money to them especially if you have minor children.

It is good to have a Trust when dealing with banks, however, be careful what you sign especially in a bank because it is a legal contract. If you go into a bank without a Trust, be careful that the bank doesn't become the beneficiary of your funds. The bank will keep your money and give you portions when they want to.

The reason for the Trust is God forbid something happens to you – your family won't have access to your QFS funds. You can also make a Will where you designate who is in charge in case something happens to you or your spouse. It is the safest way to protect your family.

Doing a Trust you can put your kids or spouse on it but don't let people know how much you have because people are funny. No bank in America could open a Trust account in the past. In America you can only open a '**Family Trust**'.

You can create Family Trust offshores also. You can download the tokens for that money. The safest Trust you can have is to go and see a family attorney. It depends on where you live. It depends on how much money you have and who you want on your Trust.

You Can't Say No to Redemption Center Appointments

You must go to the Redemption Center appointments -- unless you are sick, disabled or homeless, but if I were you, I would try my best not to miss the appointment. It's important to get processed at that time so you can receive your \$8500 or \$10,000 of Rainbow Currency and your **Quantum Access Card**. Otherwise, there might be a delay in receiving any of this.

You can't say no or they, the Military, will come and get you. Just remember this is not a scary process. It is just evil can't exist in the **#NewWorld**. They must keep evil out, and they figured if they do it like this then they can keep evil out.

If you are not holding on to resentment, carrying ill-will or is bitter – then you should be okay. Everyone has goodness inside of them. So again, this process is not to scare you. It is for us to move quickly to this beautiful New 5th Dimensional World and keep this Satanic culture out of it.

Get those other thoughts out of your head. This new **Quantum Financial System (QFS)** will be able to stop '**Crimes Against Humanity**' in its track. This is about **#SavingTheChildren** and stopping other '**Crimes Against Humanity**.'

There will be no evil in the **NEW Quantum Financial System (QFS)**. Tens of thousands of people have already been removed from the new QFS system. Many people will have great hearts, but they haven't given their hearts to God.

Again, your heart must be pure. It isn't a scare tactic. This was promised to us years ago. We must make sure we have world peace. If you are a good person, ramp it up and try to talk to family and friends -- if possible. Just remember once you sign the NDA you will need to stay quiet for 30, 60 or 90 days. Read the NDA section above.

What Happens When Anyone With a Criminal Mind Goes Into Redemption Centers?

Eric Snowden, the NSA Whistleblower, said they had been watching everyone for years. They also can watch you through any screen – your TV, phone, tablet or on a computer.

Did we trade one BIG BROTHER for another BIG BROTHER? We don't have too much of a choice. The new big brother is not as opposing as the other though. This was the only way to stop some of the "Crimes Against Humanity."

A felony is a crime where you can be jailed for one year. If you have a felony, you can still go to a Redemption Center. However, you might have to designate a trustee...an attorney and they can do it for you.

You can get your money taken back from you: If you put money into wrong accounts, it will be confiscated. You will be given a list of companies (a 55-page booklet) at your Redemption Center appointment that you can and cannot donate to or invest in.

Remember if you are just sending money, then that is charity so be careful who you are sending money to. There are certain restrictions. You can't give money to script clubs, child, sex and human trafficking, pedophilia, drug trafficking, gun running, money laundering, etc. and other "Crimes Against Humanity."

If you take on a Partner and he committed "Crimes Against Humanity," you will also be investigated, and you can possibly lose your QFS funds too and of course face jailtime.

You have to be careful who you talk too especially a new boyfriend or girlfriend. Be careful with the people that is going to come into your life. The less they know about you – the better. Don't tell people how much you are making.

They have already scanned everyone. They already know who you are. Anyone with a criminal mind or the minions who are disturbing the peace -- once they go into Redemption Centers, they won't be able to redeem their currency until they pass the first station.

They have to have their hearts scanned first before they can move on. If they don't have a **pure heart**, their money will go back into the pool -- into the **Humanitarian Projects' pool** and they won't be allowed to proceed.

The Last Door at Redemption Centers Are for Humanitarian Projects

The very **LAST STATION** at Redemption Centers is to acknowledge if you have a Humanitarian Project in mind. Most people or the majority of people won't even know what it means so they will be told they are finished, and they will leave.

Read the article at www.CathyHarrisSpeaks.com entitled “**What You Need To Know About Humanitarian Projects.**”

Humanitarians with Zims will start using Med Beds around eight (8) days after their Redemption Center appointments. There are over **8300 Med Beds** throughout the U.S. with a drive of up to 70 to 80 miles to get to a Med Bed center. The higher the population in an area, the more Med Beds will be in that city or town.

Three (3) ways for Humanitarians to set up their Med Bed appointments include:

- They will give you a phone number to call to set up your appointment.
- They will give you a form letter with info that needs to be filled out.
- Or they will give you a website to fill out the information for your appointment.

You have to pick one that will serve you best. You should be able to get into your Med Bed appointment within a few days. When you arrive at the Med Bed center, they will do a scan and you will wait around to discuss what you want done with the Med Bed team so start working on a list of what you want changed now. Also write down all your health issues. Read the article “**What You Need to Know About Med Beds**” at www.CathyHarrisSpeaks.com.

Humanitarian Projects are not just for third world countries. Communities and cities should use the Humanitarian Funds (read the article “**What You Should Know About Humanitarian Projects**” at www.CathyHarrisSpeaks.com) to set up safety nets or Community Patrols, until we know that communities are safe again.

And now is not the time to allow children to walk to and from schools by themselves or go out to other places where they can become targets of human trafficking. The problem is many of the traffickers who are kidnapping young girls are also young pre-teens and teenagers themselves.

Some are girls and boys. The girls claim they want to be your friend and the boys are claiming they have interest in you – but both will turn you over to human traffickers for a profit.

Also, many just need to be offline because they have Pedophiles, Child, Sex and Human Traffickers online betting up to \$150,000 or more for young teenage virgins. If they see your child online and they won the bid to have her/him, they will send in up to 4 adults to kidnap your child so again, keep them offline until we can clean up the world.

They especially want young boys between the ages of 6 – 10 with blond hair and blue eyes and they use many of the African American children for adrenochrome and organ harvesting. They said the darker skinned children have the best blood – supposedly. The Military has cleaned out many cities, but it is up to communities to set up safety nets, community patrols and get involved.

There Will Be Three (3) Groups

The Gesara/Nesara money will be paid out over eleven (11) years -- (\$10,000 or \$100,000 a month???) Maybe \$100,000 to farmers. No one is certain until it actually happens and again everyone will receive different amounts. No one really knows how the funds will be divided.

The older you are the more you will receive. For others, not retired, the funds will be prorated. The cutoff age is 24 (some say 21 – wait and see) so no one under the age of 24 will receive these funds.

There are three (3) groups:

-Group 1 - Ages 61 and over

-Group 2 - Ages 45 to 60

-Group 3 - Ages 24 to 44

You can discuss with your banker if you are over 60 years of age if you can receive a lump sum especially if you have bonds or birth certificate money. They can ask for a lump sum, so they don't have to spend 25 years on a NDA.

This is not necessarily all the Nesara money that people will receive. That is all the money you will get back from all your income taxes, all the interest you ever paid, and everything they did that was unconstitutional and forced on you.

That is all the money that has gone into taking care of Nesara and the XRP buyback for the entire world. This is **generational wealth** that will last for hundreds of years. It is **#LegacyMoney**.

The Qualifications Are The Younger Generations (those younger than 60) Still Will Need To Work

The cutoff age for Gesara funds is 24 (some say 21) years of age (let's wait and see). The qualifications are you still have to work. The younger you are -- you haven't been in the system that long, so many of you will still need to continue to work and/or produce unless they are 60, the new retirement age.

Just understand that many of the jobs will be going away but there will be lots of opportunities to create your own Creative or Humanitarian Projects or work with foundations and humanitarian projects.

If you are under the age of 24, you will be a benefactor of the Humanitarian Projects and they won't be paying you minimum wage. Instead, they will be paying you handsomely for your services and don't forget all the Seniors who will need help.

Therefore, there will be plenty of funds for you to build a brilliant future with. Under Gesara, we will be going to 4-day workweeks and 4-day school days. Again, no one needs to work 40-hour workweeks -- anymore. You might be able to get just as much done in 20 or more hours than 40-hour workweeks, while you work on **Creative** and **Humanitarian Projects**.

Marriages will be encouraged again, and women can go back to caring for their children and be housewives again or even homeschool their children. Education will eventually be taught at home anyway. Much of the education will be outdoors in nature in the future.

You will no longer need a good credit score to buy things. If you had to rent an apartment and had to have a credit score of 750, now you can buy the apartment building and provide jobs for others. You can provide housing for those that did not participate in Nesara. They are going to be working for foundations, trusts, and other humanitarian projects.

The first thing people will try to do after receiving their funds is to buy a home or new car. There might not be any cars available eventually so people might

need to go on a waiting list for vehicles. Cars will be going away in around 10 years because of all the new technology. Just enjoy the blessings, while continuing to send out love into the universe.

If You Are Not a U.S. Citizen - Go Back Home

Around 209 countries are involved in Gesara. Poverty was created by the U.S. They were bullying everyone. Since the dollar is dumped, when nations get their funds, the migration will stop.

The reason people travel is because of extreme poverty. You can make money in America. Everyone came to America to make money, but no one told them they had to work like a dog to make money.

There is extreme poverty in other nations such as Guatemala, Africa, also in other countries. When everyone finds out about Gesara (Globally) and Nesara (U.S.) -- many will return home. Changes will start soon, but you probably won't see any major changes for 2 to 3 years. Immigrants will travel back to their countries to participant in growth.

Those from other countries who have become Lawful Citizens can receive their funds here in the U.S. with **Birth Certificates, Driver's Licenses, and Employment Proofs**. Remember you need to work 20 or more hours a week unless you are retired.

Others must return to their **native countries** and present proof to that nation of their births and will receive these generous Gesara world pay-outs there. The purpose is they want everyone to be with the people that they grew up with and the people they love so they can take care of each other and their communities as they transition into a 4D or 5D world.

This is about taking care of each other. That country and those people might lose those Humanitarian Projects, such as #MedBeds, if their people don't go home. Everything here will be there too -- so why live here?

You can come and visit – legally – of course as much as you want but your place of residency needs to be in your own birth country. You have to claim your Gesara in your own country. There will be restrictions on travel, but you have to be where you were born to claim your Gesara funds.

Country Pilot Program – El Salvador: There was a Pilot Program in El Salvador. This is a perfect example of how the QFS should work, and keep in mind that all of this happened before they were given the QFS funds. They moved from being one of the most ruthless countries in the world to one of the safest. The new President changed everything in a matter of 5 or 6 years.

Even though the money is not there yet, they still feel useful. It is the first country where they cancelled the income tax. It is a small country, but it was a test so if they can do it – any country can.

The only country where you could travel to U.S. without a visa was Canada and Argentina. Argentina was a wealthy country that was able to travel to U.S. without a visa but now that country is destroyed. They are starving in Argentina.

New Technology (6000 Patents and Medical Beds (#MedBeds))

There are 6000 patents and technologies that are being released. This knowledge was hidden from us, and I believe most, or all of these new patents will come from Nikola Tesla.

Like the new QFS financial system, **Offworlders** also gifted us with **Medical Bed (#MedBed)** technology -- now controlled by the **Military Secret Space Force program**. Offworlders are much more advanced than us, but they are currently working with our Space Program and Military to help us get more advanced because they really want us to be equals.

The good news is the public don't have to wait 6 to 8 months to be healed. The Military will start treating patients probably within two (2) months after Humanitarian funding is released.

Again, it depends on when Humanitarian funding becomes available. The majority of the children that were rescued have already been taken off planet and healed. The soldiers who were rescuing the children are probably currently being treated with the Med Beds.

This is our **NEW WORLD!** We are no longer a slave. **#Sovereign**. Check out the group on telegram “**Positions Available (Global Humanitarian Projects)**” and look for your individual state on a Telegram group for Med Beds or Healing Centers. Meanwhile, Skye Prince from Australia, is the

person over the Med Beds, Humanitarian Projects and Training. Skye Prince is on telegram, facebook, and youtube - <https://www.youtube.com/@aithusalodge6647>

Once the Redemption Process starts most Humanitarians will have to sign a 90-day NDA, so many of the groups on Telegram will be on mute so that they don't break their NDAs, but Skye will be popping back in to answer questions from time to time, but it should be your goal to conduct research and find your own answers.

The **Military Secret Space Force Program** will initially be over the Med Beds, but it is their goal to turn the Med Beds over to the **Med Bed Humanitarians**. Remember the MILITARY Med Beds are totally **FREE** with **NO FEE** for registration.

Again, stay up to date on the **FREE Military Med Beds** from the **Secret Space Program** with the article entitled **“What You Need to Know About Med Beds”** and **“What You Need to Know About Humanitarian Projects”** at www.CathyHarrisSpeaks.com.
