More On the 75% of People Walking Around Without a Soul?

- CLONING FACTORIES - <https://t.me/QSPARTANWARRIORS>

I told you in **Vol. 7** that **Commander Val Nek** from the **Galactic Federation** told **Megan Rose Medium** that **75% of people** on this planet don't have a soul. Dolores Cannon said in **Vol. 8** that they are '**Backdrop**' or '**Backfill**' people that we manifested to be in our own movies.

According to Ismael Perez, the author of "**Our Cosmic Origin**," these

individuals are **Non-player Characters (or NPCs)** and he said they are working for Artificial Intelligence (AI), the true enemy, who want our **#GodSourceGenes** since we are the **ONLY SPECIES** that carry these genes. Remember that Clones don't have a soul so therefore they don't have **chakras** or **auras** so many Spiritualists can tell if a person is real or not.

Civilizations on Inner Earth

We have civilizations on the inner Earth according to Ismael Perez. They have everything we have on Earth. The sun is at the center. They have lakes, oceans, and rivers. They don't age there. They are in their mid-30s. They have life spans of hundreds of thousands of years and since the Earth is no longer quarantined, we will be able

to travel anywhere including to the inner earth after our **dormant DNA (#GodSourceGene)** is released after the **Solar Flash**.

What About the Hybrids?

A **Hybrid** is the offspring of two animals or plants of different breeds, varieties, or species especially as produced through human manipulation for specific genetic characteristics. Many believe there are many **Hybrid people** in this country. Many Hybrid children were rescued alongside other children nationally and internationally from the caves and tunnels by the **Military** and **Earth Alliance**. They even put out a TV series called "**Sweet Tooth**" to educate the public about these **Hybrid children** so that when they see one, they would not freak out.

All of us will be light beings and living together in the future so just remember these Hybrid children are no different than our children, therefore, they are to be treated with gentle hands. When the Hybrid children were rescued, some were even the color blue. Many Hybrid children were taken off the planet with the other children to use the Med Beds then many were sent throughout the galaxy and adopted. We know that there are good ETs that were born on Earth so they could not be forced off the planet because this is their home. We also know there are Reptilians on Earth. Many were on YouTube and said they only go out at

night and still must wear shades to hide their Reptilian eyes.

National Parks Disappearances

According to Ismael Perez, the **Sasquatch** or **Yeti** (who can also look like dogmen) are very friendly, and they are telepathic so just send them love and light. They are also assisting us in the **Ascension Process**. I am a Nomad living in a van, and I might have been in a few National Parks in my almost 4 years of living this lifestyle, but I never spent the night there. We know that the Military and others were experimenting in underground labs mixing the DNA of humans and animals together to see what type of creature they could create.

Supposedly, there are over 100 portals in the world not counting the ones that go back and forth to each planet. Some portals are believed to be in National Parks, which might account for why so many go missing there or maybe it is the giants, Big Foot, or creatures (half man and animals) that escaped from the underground labs when the Military blew up the areas to close off the human trafficking tunnels. However, many people have been known to disappear in National Parks even when walking closely behind others. They might have veered off a trail for a minute, then they disappear, or many times their camps would look undisturbed, and no one would be there so what is going on in National Parks? Or is this just a government phenomenon to keep visitors off this land?

The Truth About Antarctica

NASA.gov is not just over outer space but they are also over any info coming out of Antarctica. I first got serious and wanted to learn more about Antarctica in 2020 when I kept hearing that many were restricted from going there and there might also be portals there. Antarctica is believed to be a giant ice wall. Many believe the earth is bigger than we thought and that the ice wall is hiding 20 other continents -- instead of the 7 that we know about. A continent is one of the **Earth's seven (7) main divisions** of land. The continents are, from largest to smallest: **Asia, Africa, North America, South America, Antarctica, Europe, and Australia.**

Beyond the ice wall, there are believed to be ETs, prehistoric creatures, advanced civilizations, and even possibly giants. Dinosaurs did exist 65 million years ago but according to Ismael Perez, they were done away with by the forces of light. Admiral Byrd, who was also a scientist, wrote about when he explored Antarctica, he found green valleys and civilizations there. Supposedly, once you pass the ice wall, the temperature is around 78 degrees. Along with having portals there, it is also a place where many scientists go to perform experiments.

What Really Happened to Atlantis?

According to Dolores Cannon, Atlantis existed for thousands of years but no one seems to know why it disappeared except pioneers like her. She said after thousands of years they started to do things that were corrupting the use of the mind and many things were not right. They were doing things they weren't supposed to. They began **interbreeding animals and humans (just like the 3D Earth)**. They started doing things against nature and that is when they realized they had to be stopped.

They had a lot of crystals. They could move things and create things with their minds. They had a Temple in the area where Atlantis was located so this is where the **Bermuda Triangle** was located. It was usually the men using bad powers and the women wanted to use positive powers. These women were in a Temple trying to counteract the sun and their ceremonies were trying to stop it, but it ended up burning down the entire area. It ended up being a desert where nothing would grow so they ended up dying. Supposedly, the women blew a fuse. There were other advanced civilizations that also disappeared. Atlantis is still believed to exist in another dimension.

What Happened To Tartaria?

Tartaria still exists in another dimension so we will be able to see the Tartarians again one day. They were known as having giants or extremely tall individuals that lived in their population. They were particularly known for their style of dress and were great inventors of technology. Many even thought since they were so talented they even constructed the pyramids.
